## THE HIGH PERFORMANCE FLAGSHIP

The Columbus900 is NCR Orderman's latest flagship POS, designed to meet the needs of even our most demanding customers. Its unique Orderman design ensures the highest level of elegance in any restaurant environment, while its Quad Core processor guarantees speed whenever you need it. With its fanless construction, intelligent cable management and True Flat display, the Columbus900 will keep your workstation looking neat and hygienic.

The Columbus900 is the latest addition to a long-established line of POS systems. Besides being extraordinarily reliable and easy to use, hospitality professionals appreciate the durability and longevity of these cash registers. If you do require a repair at any point, all damages are covered by your Orderman Care or Orderman CareGold warranty — both of which can be extended for up to 6 years.

WHY NCR ORDERMAN?

Orderman GmbH is part of the global NCR Corporation. With its premium products, the Salzburg-based company is the leading provider of technology solutions for the European hospitality industry. Handhelds, POS systems and services from Orderman are used worldwide in more than 55,000 restaurants. Innovative technology combined with a unique user experience and an emotionally strong design have made Orderman a global leader and a synonym for mobile technology in the hospitality industry. Every day 25 additional restaurants choose Orderman systems. For additional information, go to orderman.com.
